

2008–2018 Dodge Caravan/Voyager/Town & Country 3.6 V6 Gas Engine Blower Motor Replacement Options: 2311703 and 2311715

gpd offers two blower motor options for 2008–2018 Dodge Caravan/Voyage/Town & Country 3.6 V6 gas engine models, one for the front blower motor system (2311703) and one for the rear (2311715). Although they look similar and both have a two-prong connection on the rear side, the front and rear blower motor are not interchangeable.

- gpd blower motor 2311703 is suited for the front system.
- gpd blower motor 2311715 is suited for the rear system.

2311703 • Front Blower Motor

2311715 • Rear Blower Motor

The front blower motor is significantly larger in size than the rear blower motor. Below 2311703 and 2311715 are shown side by side for visual comparison.

2311703 has a larger two pin connector (24.3mm wide)

2311715 has a smaller two pin connector (15.8mm wide)
