

# Inexpensive Tools That Pay for Themselves

Want to get the compressor switch out of a Denso style pump on GM and Chrysler applications without breaking them?

The 5811423 is an inexpensive tool that can save you time and money!

gpd has the answer with this great inexpensive tool!

Start by removing snap ring, holding compressor pressure switch in place

Place 5811423 into position around switch. Turn and lock on switch. Pull to remove switch.

*Don't forget to install snap ring back in the compressor*

Switch comes out undamaged and using 5811423 can make installation into new compressor easy!
